# Streams of Play

2021 - 2022

*We have a program for everyone!*

To our Confederation Hockey families,

Confederation Hockey Club (“CHC”) is excited to announce the delivery of new programming for the 2021-22 season in the form of a “Streams of Play” model. This package provides information on the new programming model and the associated fees.

**What:** Hockey Edmonton supports the adoption of a “Streams of Play” model. This model is intended to provide three or four distinct program options to families within the existing age categories that vary in cost and time commitment.

**Why:** A “Streams of Play” model gives families the opportunity to participate in a hockey program that best suits their needs. We have heard from families who unexpectedly encountered additional costs and time commitments that were not made clear up front. Our new “Streams of Play” model adds more transparency to the cost and time commitment for playing hockey.

**When:** CHC is implementing this new delivery model immediately, effective for registration in the 2021-22 season.

**Details:**

- **Programming:** By selecting from three or four program options, families and players can choose a program that best suits players’ skill/competition needs and time commitment/cost constraints. In U9, U11, and U13, there will be three or four program streams: Rec League, Community, Development and Competitive. U7 programming is largely unchanged from previous years.
- **Fees:** To ensure families know the full cost of the hockey season up front, registration fees now reflect all costs anticipated to arise during the season. While fees may appear higher than past seasons, fees now capture “hidden costs” that players and teams were realistically incurring before (e.g. on extra development ice, extra tournaments, etc.). Total player fees and cash calls are now capped. Details on programming are provided in this package so that families can see exactly what is and is not included in registration fees.
- **Fundraising:** Teams who require additional funds (e.g. to participate in additional tournaments, purchase team apparel, extra ice, etc.) must now do so through fundraising, as cash calls will be capped. Recognizing the time commitment of fundraising, the number and type of fundraising activities will also be limited. CHC is developing fundraising guidelines which will be available before the season begins.

**Registration:** Online Registration for the season will open on June 24th utilizing the new Hockey Canada/Spordle program.

- **Selection of Program (U9, U11, U13):** During the registration process, families will select their preferred program by choosing the highest level program they are willing to have their player play. The Category Directors will have the families preference during team placement and every effort will be made to place players in their chosen program.
- **Fee Payment:** During online registration in June and July families will only be charged the base program fee for their age category. The option to pay in full or in 3 payments will be offered. Any additional fee that applies based on program placement will be collected during a second registration following team formation in September and will include installment options as well.

We are happy to be offering this programming to our families and look forward to your feedback as we roll out the program.

## U7 - Program Selection and Registration Costs

1. Placement in a U7 program is based solely on age.

Birth Year	Program:	
2017	Discovery	No Evaluations/Timed Skate
2016	Junior Timbits	Optional Evaluations/Timed Skate **
2015	Senior Timbits	Evaluation/Timed Skate in September for team placement.

Program ->	Discovery	Junior Timbits	Senior Timbits
Select program based on age: (see note 1 above)			
<b>Total Registration Fee</b>	<b>\$175</b>	<b>\$180</b>	<b>\$370</b>

\*\* Junior Timbits players may optionally participate in Evaluations/Timed Skates.  
If they place within the top 25% of SR Timbits evaluation times they will be given the option to move to SR Timbits.

### Registration and Fees Notes:

- All U7 programs follow the Hockey Canada/Hockey Edmonton U7 program model.
- Any additional costs once placed on a team (cash calls) are capped at a maximum of \$40/player for all teams in all U7 programs.  
These costs would cover things such as a year end party.
- Team Club Development Ice sessions are additional skill development sessions led by third party providers.
- Timbits Jamborees take place in December and March.  
Each team will have 1-2 small area game sessions per jamboree, scheduled by Hockey Edmonton.
- Practice Jerseys and Socks are for players to keep.
- For details of volunteer requirements, refer to the Confed Hockey Website, or volunteer requirement pages in the player registration package.
