## Confederation Hockey Streams of Play

Confederation Hockey Club is excited to continue the delivery of our innovative Confederation Hockey Streams of Play model. The [Confederation Hockey Streams of Play package](#) provides information about the program.

A Streams of Play model gives families the opportunity to participate in a hockey program that best suits their needs. Our Streams of Play model adds more transparency to the cost and time commitment for playing hockey.

### Selection of Program

#### U7:

- Registration for the U7 programs, Discovery (2019), JR Timbits (2018), and SR Timbits (2017) is dependent on birth year.
- A player born in 2019 can only play in Discovery.
- A player born in 2018 is designated to JR Timbits, but could choose Discovery if they wish. If wanted to move up to SR Timbits, players will have to participate in timed evaluation in September and place in the top 25% of the age group higher (SR Timbits).
- A player born in 2017 is designated to SR Timbits, but could choose JR Timbits if they wish.

#### U9, U11, and U13:

- All programs have designated birth years – U9 (2015, 2016), U11 (2013, 2014), U13 (2011, 2012)
- During online registration all players will be reminded of the [Confederation Hockey Streams of Play](#), with a suggestion to review the programs prior to answering questions regarding their Stream preference.
- During team formation, every effort will be made to place players on a team within their chosen program, while also placing them in an appropriate tier.
- The preferred Stream of Play selection is not guaranteed and placing the players in the correct tier is the first priority.

---

#### **Rec League**

The Recreational Hockey League (Rec League) will be run by Hockey Edmonton this year. If you are only looking for one game a week and no practices, please reach out to [office@hockeyedmonton.ca](mailto:office@hockeyedmonton.ca)

#### **U13 AA**

If your child will be trying out for U13 AA please also register for Confed Hockey. If your player is placed on a U13 AA team, in one of the 4 sanctioned athletic clubs, you will be refunded in full by Confed Hockey.

---

### Player Evaluations

U7 Discovery does not have an evaluation.

U7 JR Timbits does not have an evaluation. In the event you would like to challenge to move from JR Timbits to SR Timbits, you will need to attend the preseason skate.

U7 SR Timbits has a preseason skate to run through our evaluation drills and equipment.

At U9, U11, and U13 the purpose of Evaluations is to place the children on teams with similar ability level players that will play against similar tiered teams in the Hockey Edmonton/EFHL programs.

Dates and information will be updated on our website under [Evaluations](#).

### Volunteer Deposit Program

Confederation Hockey is a volunteer run organization that depends on the volunteer assistance of its members to function successfully. Volunteers are essential to maintaining and growing Confederation Hockey Club. The more volunteers we have, the better our association becomes!

Please visit the web for the full program - <https://www.confedhockey.org/parents/volunteer-deposit/>

Overview of the Volunteer Deposit Program:

- Every family is required to complete volunteer commitments for 2023-24 unless they have chosen to pay the volunteer opt out fee on their registration.
- The number of volunteer commitments for each family is dependent on the number of players and which category they are in.
- We would rather have families complete volunteer commitments and contribute to the success of the club than pay the opt out fee.
- U7 Discovery, JR Timbits, and SR Timbits players are required to complete ONE VOLUNTEER COMMITMENT per player
- U9, U11, and U13 payer families are required to complete TWO VOLUNTEER COMMITMENTS per player.
- Volunteer deposit cheques or credit card payments are \$250 per commitment and are collected prior the registration being accepted and completed.
- In the event that a family does not complete their volunteer commitments, the volunteer deposit cheque will be cashed or card charged the balance of payment. If you do not have cheques, you can use credit card for \$5 charge.
